Declaration

I understand that the School will try to take my preferences into account but that the School must comply with the Data Protection Act 2018, which will give my child rights in their own data when they have adequate capacity and understanding to make decisions about the publication of their photographs.

The School is registered under the Data Protection Act 2018 for holding personal data. The School has a duty to protect this information and to keep it up to date. The School is required to share some data with the Local Authority and with the DfE.

All communication will be sent to you via the Priority 1 email address you have provided.

It is essential that the School has up-to-date and accurate contact details for each student - parents are required to notify us throughout the course of the School year of any change in contact details as soon as possible. This can be done by completing the 'Update Contact Details' form in the 'School Information' section of the School website.

Bourne Grammar School will strive to remain open in all but the most challenging circumstances. Such circumstances happen rarely but may include severe weather conditions or loss of essential services such as heating or power. Please be assured that a decision to close the School is always driven by a concern for the safety of our students and staff.

Because of the large number of students in School, it is impossible to inform all parents in advance of an emergency closure and therefore School may dismiss students without any communication to parents and carers. In all such cases, students will be instructed to contact a parent or carer directly.

If you wish to change your consent at any time, please contact pastoral@bourne-grammar.lincs.sch.uk
