

Period 1

10S/Ma1 LK	Mid-Year 10 review Questions – Calculator. Following the Mid-Year 10 exam, these questions (all past GCSE exam questions) cover the same topics and give students an opportunity to practice the skills they are expected to have learned.
10S/Ma2 PC	Two revision papers sent via Milk. Due on Wednesday 13 March.
10S/Ma3 MRS	Complete 'review questions' calculator paper covering topics from the midyear 10 test (on MILK).
10S/Ma4 KPA	Mid-Year 10 review Questions – Calculator. Following the Mid-Year 10 exam, these questions (all past GCSE exam questions) cover the same topics and give students an opportunity to practice the skills they are expected to have learned.
10S/Ma5 MT	Complete Ex11.1S p215 on the Kerboodle online textbook.
10G/Bi3 KMH	Make notes on BARRIER METHODS of contraception only, using page 230 of the GCSE textbook. Complete the exam question and mark/correct in green pen.
10G/Ch2 TAH	Revise for end of topic test on the acids topic using your book notes and textbook pages 146-147 and 152-157.
10G/Ch4 JBM	Complete worksheets on salt formation from last lesson (spares will be handed out on Thursday) – 9.11, 9.12, 9.21. I will be giving out an extra one during Thursday's lesson
10G/Ch5 JTM	Revision for the "Acids" end-of-topic test. Complete the revision mat.
10G/Ph1 GLM	Students should make notes on seismic waves, and how they have been used as evidence for the structure of the Earth (see pages 285 & 286 of the textbook). Also research "The Moho" and how that is evidence for the crust/mantle boundary.

Period 2

10G/Bi4 RRB	<p>Page 234 of textbook</p> <p>Define: Thyroid Gland, Adrenal gland, Negative feedback</p> <p>Copy exam tips into exercise book</p> <p>Copy Figure 1 Graph into exercise book.</p> <p>Describe the graph using the bullet points above the graph</p> <p>Answer the three questions on page 235</p>
10S/Bi5 RS	<ol style="list-style-type: none"> 1. Complete the exam question on the menstrual cycle which I handed to you last lesson. 2. In your exercise book put the title 'Barrier methods of contraception'. Using page 230 of the GCSE Biology textbook make notes on barrier methods, intrauterine devices, surgical methods and natural methods of contraception. 3. Finally write down which method you think is most reliable and which is the least reliable with reasons why.
10S/Ch1 JBM	Predicting compounds worksheet
10S/Ch2 ZES	Complete the 'Exam Questions – Quantitative, Fundamentals, Structure & Bonding' booklet.
10S/Ch3 JTM	Revision for the "Acids" end-of-topic test. Complete the revision mat.
10G/En1 TB	<p>Finish reading "Bartleby, the Scrivener". Using the latter as your title, select and copy down what you feel to be the 6 – 8 most unforgettably brilliant sentences. Use either the paper copies provided in class, or the following link to read it online: http://www.gutenberg.org/cache/epub/11231/pg11231.html</p>
10G/En2 JAK	<p>Prepare your notes about the book that you chose to read for the book project (set in October), ready to present to others in the class next lesson. Remember to keep your notes at the back of your exercise book or on separate paper.</p> <p>All the details of what you are expected to make notes on are listed in the Milk task 'Find and read a book'.</p>
10G/En3 NWG	Select a chapter from TWIB and create a page in your exercise book which explores that chapter. Please include: 1. Key quotations 2. Analysis of at least two language features 3. An explanation of which themes are explored in the chapter, 4. ONE illustration, 5. Possible effects on the reader. Merits will be awarded for the imaginatively presented, visually arresting and perceptive work.
10G/En4 DO	Complete the quiz on Chapters 5 and 6 of <i>The Woman in Black</i> (please see attached worksheet)
10G/En5 NB	<p>Make a chapter 6 and 7 fact file for the <i>The Woman In Black</i>.</p> <p>Each fact file should be one A4 side in your books, and should have:</p> <ol style="list-style-type: none"> a) A timeline of the events (or bullet points) b) 5 key quotations explained c) Any key moments or events d) A sentence about how Arthur Kipps has changed e) Any links to the gothic

Period 3

10S/Bi1 CP	Make a revision poster on hormones and the menstrual cycle. Prizes for the top 3.
10S/Ch5 ZES	Complete the 'Acids Questions' booklet.
10S/Ph2 ALM	<p>Using information on pages 242-250 in the GCSE Physics textbook, produce a leaflet (using one piece of A4 paper) entitled 'Introduction to Electromagnetic Waves.' This should be aimed at a student in year 10 who has not yet studied this topic. Include all of the following information:</p> <ul style="list-style-type: none"> - The 7 different types of EM waves and their order - Typical wavelengths for each type of wave - How different types of EM wave can be produced - Uses for each of the 7 types <p>Make sure you include diagrams to help illustrate the information in your leaflet and make it as colourful and attractive to look at as possible. The leaflets will be collected in during your next physics lesson on Tuesday 12 March.</p>
10S/Ph3 SAS	Revise all content covered on Waves so far. If the EM spectrum was not covered in your old set, please complete the table of properties, uses and risks using your textbook and any revision guides.
10S/Ph4 GLM	Using their textbooks (Topic 6b), students should make notes on how high frequency EM waves (UV, x-rays, gamma rays) are produced, the dangers of them, and the uses of them.
10G/Sp1 CMW	<ol style="list-style-type: none"> 1. Log on Kerboodle and complete the 2 listening activities worksheet <i>4.1F Algunas costumbres regionales</i>. Follow the link to access audio: https://www.kerboodle.com/app/courses/34791/modules/resources/node/19340/page/1/content/152835 2. In your Grammar and Translation workbook, complete pages 52 and 53 to practise The preterite tense – irregular verbs.
10G/Sp2 SEC	<ul style="list-style-type: none"> • Complete any sections of p. 56 and p. 57 of your VIVA translation work book not completed in class. • Complete all sections of p. 55
10G/Sp3 MB	<p>Task 1 - Complete the attached worksheet on tener and hacer in the preterite.</p> <p>Task 2 - Translate the attached texts.</p>
10G/Sp4 AFC	<p>In your VIVA Grammar and Translation Books, complete</p> <ol style="list-style-type: none"> 1. pp. 92-93 – combining multiple tenses in your work 2. pp. 20 – 21 – Forming adverbs
10G/Sp5 MSG	<p>Complete page 50, 51, 52, 53 from your Viva Grammar and Translation workbook.</p> <p>You must complete all sections, including the translations.</p>

Period 4

<p>10S/Sp1 LTE</p>	<p>Complete pgs 50 – 55 of your orange Viva GCSE Grammar and Translation Workbook.</p> <p>If you have not already done so, ensure that you have written fully developed answers (containing at LEAST two complex sentences each) to Theme 1, Topic 1 (Me, my family and friends) and Theme 1, Topic 3 (Free time activities) in your red speaking book – please transfer any questions you may have written on yellow sheets into your red book.</p> <p>All work is to be submitted on Monday during our next lesson.</p>
<p>10S/Sp2 SEC</p>	<ul style="list-style-type: none"> • Complete any sections of p. 56 and p. 57 of your VIVA translation work book not completed in class. • Complete all sections of p. 55
<p>10S/Sp3 MSG</p>	<p>Complete p. 52, 53 and 55 of the VIVA grammar and translation workbook. You must complete all sections, including the translations.</p>
<p>10S/Sp4 AFC</p>	<p>In your VIVA Grammar and Translation Books, complete:</p> <ol style="list-style-type: none"> 1. pp. 92-93 – combining multiple tenses in your work 2. pp. 20 – 21 – Forming adverbs
<p>10S/Sp5 MB</p>	<p>Task 1 - Complete pages 50 – 51 on The preterite: regular verbs from your VIVA Grammar and Translation workbook. Task 2 - Complete the attached worksheet on ser and ir in the preterite.</p>
<p>10G/Bi1 RS</p>	<ol style="list-style-type: none"> 1. Complete the exam question on the menstrual cycle which I handed to you last lesson. 2. In your exercise book put the title 'Barrier methods of contraception'. Using page 230 of the GCSE Biology textbook make notes on barrier methods, intrauterine devices, surgical methods and natural methods of contraception. 3. Finally write down which method you think is most reliable and which is the least reliable with reasons why.
<p>10G/Bi4 CP</p>	<p>Make a revision poster on Hormones and the Menstrual cycle. Prizes for the top 3.</p>
<p>10G/Ch3 JBM</p>	<p>Reactions of acids worksheet</p>
<p>10G/Ph2 CRL</p>	<p>Make notes on page 242-244 of textbook and answer the questions on page 244 (both recall and application). Mark work in green pen.</p>
<p>10G/Ph5 ALM</p>	<p>Using information on pages 242-250 in the GCSE Physics textbook, produce a leaflet (using one piece of A4 paper) entitled 'Introduction to Electromagnetic Waves.' This should be aimed at a student in year 10 who has not yet studied this topic. Include all of the following information:</p> <ul style="list-style-type: none"> - The 7 different types of EM waves and their order - Typical wavelengths for each type of wave - How different types of EM wave can be produced - Uses for each of the 7 types <p>Make sure you include diagrams to help illustrate the information in your leaflet and make it as colourful and attractive to look at as possible. The leaflets will be collected in during your next physics lesson on Tuesday 12 March.</p>

Period 5

10S/En1 KEC	We'll be looking at non-fiction writing, including newspaper articles, this term. Design and write the front page of the Gifford Times, a local newspaper for Crythin Gifford. You may want to research/remind yourself: - the usual conventions of the front page of a local newspaper – headline, text, images, tone etc. - the kinds of topics normally reported (consider historical context) - the kinds of things that could and could NOT be reported in Crythin Gifford. I mean, there've been strange goings-on – but there's also a conspiracy of silence...
10S/En2 ALD	1) Read Chapter 7 of 'The Woman in Black'. 2) Complete the comprehension questions for Chapter 7 in full sentences – this was given to you in the lesson before SRD and sent via MILK.
10S/En3 SS	Transaction writing: Write a letter to the prime minister with the aim of persuading her that a) Smoking should be banned in all public spaces OR b) The meat industry should be shut down. You may need to do some research on the issues. You must use the correct conventions of a letter to the Prime Minister.
10S/En4 KLJ	Complete the practice English Language Paper 2, Questions 7a and 7b that have been set on Milk
10S/En5 HKM	Students have been given a printed past paper for English Language (paper 2) they should complete the reading section in full.
10G/Ma1 CJD	Please find attached two documents. These questions are similar in content and difficulty to questions encountered in the Mid-Year 10 Review. Students MUST complete the Mid-Year 10 Review Questions CALC. These can be completed in your exercise books. We will go through these questions in the next available lesson. Should students finish the above questions quickly, they may wish to work through Mid-Year 10 Review Questions NC; however, these questions are optional. Please spend only one hour in total on this work.
10G/Ma2 SAM	Work through the booklet handed to them in the last lesson all to do with construction (I've enclosed the booklet in case they've lost it).
10G/Ma3 APC	Answer all questions showing full clear working out including any formulae used and any substitution of values. Include units and round answers as stated.
10G/Ma4 KWA	Complete the exam questions on factorising given out in the lesson.
10G/Ma5 YAM	Complete the exam style questions use you notes to help you and read the examiners reports to help avoid common mistakes.
