

# BOURNE GRAMMAR SCHOOL BULLETIN

*Week ending Friday 7 October 2022*

*From Alastair Anderson, Headteacher*

We have students away on two ambitious overseas visits this week: Geographers on Sicily and Physicists at Cern. These sorts of trips are enormously significant educational experiences and despite the looming cost of living crisis we do intend to continue to offer exciting educational opportunities whenever appropriate and possible. The Ski Trip is still on this winter and the Spanish Trip for many in Year 8 is deep in the planning phase. At the same time, we will also continue to plan for a wide array of day trips over the coming months as part of our belief in developing well rounded students with experience of opportunity. As everyone will have to do this coming winter we are preparing to tighten our belt and reduce costs or expenses wherever possible, but I am committed to continuing to offer opportunity.

Here at home in Bourne, it was a week of local activities as usual. We have more clubs starting up, this time the Table Tennis Club and the Year 7 Science Club via written applications to Mrs Woolf, and we had 13 sports' teams in Netball/Rugby/Football/Cross Country take on local opposition. I gather some of our Year 12 students had a wonderful time on Wednesday learning how to cook Thai Green Curry and on a more charitable note Mr Marsden has organised the BGS Live Below the Line 2022 challenge where participating students and staff live off £5 for 5 days in aid of the work of the Hunger Project. Over £500 has already been raised by BGS this week and anyone wishing to support this initiative can donate via the Hunger Project website.

Finally, yesterday evening the Head Students and I were invited by the Town Council to attend an event linked to the history of BRM racing and the current work of the Silverstone Museum. There was a very interesting presentation given – holding a piece of Max Verstappen's car that cost £125,000 to make was an eye opener! – and we have committed to playing our part in reinforcing the links between the racing history in Bourne and the young people who attend our local schools. Workshops for Chemistry, Physics and Engineering students run by Silverstone will be set up in the near future, yet another example of opportunity driven education. Watch this space...

## **YEAR 11 – PROGRESS REVIEW MEETINGS: BOOKING SYSTEM**

A reminder that the School Cloud booking system will open on Monday 10 October at 20:00.

You will be able to book up to 10 appointments, each of 6 minutes in duration, and bookings will be available on a first come first served basis. The system will ensure that each video appointment will commence and end at the scheduled time so please ensure you have logged into the system in good time to commence your appointment.

The online booking system can be accessed here: <https://bournegrammar.parentseveningsystem.co.uk/>

A login code is not required; the system has been set up using the details of the Priority 1 parent and your son/daughter's preferred forename (as used in School), surname and date of birth as recorded on our database.

Guidance on how to carry out a video call can be found [here](#).

All queries about online booking should be directed by e-mail to Mrs Hall via [prm@bourne-grammar.lincs.sch.uk](mailto:prm@bourne-grammar.lincs.sch.uk) - the booking system will close on Sunday 16 October at 23:55.

## EXTRA CURRICULAR CLUBS UPDATE

The list of Extra Curricular Clubs has been amended to incorporate some new opportunities, click [here](#) to find out more.

### U13 HOCKEY – *Report by Honor Moore, Year 8*

On Tuesday 4 October, the Year 8 girls hockey team played in a tournament at home against Bourne Academy. The game started off slow and the girls were struggling to gain possession as they weren't expecting the Academy to be so strong in the first game of the season.

After a couple of minutes, the girls managed to win a free-hit outside of their D and Kiki Timmins was able to make a strong pass down the wing up to Eloise Hull. Some good passing between Honor Moore and Eloise managed to gain the team a goal as it reached Rose Munday on the post and she was able to knock it in.

Good communication and use of the wings secured Rose another goal and Isobel Dougall her first, before the half time whistle blew. The second half had begun and the girls started off very strong. They were able to power through to gain another goal from Rose and a short corner which lead to a wonderful strike from Honor. They lost possession in a dangerous area and nearly conceded but goalkeeper Amaya Makenzie was able to knock it away. The game eventually ended 7-0 and the girls went home happy.

### U14 HOCKEY – *Report by Hannah Burke, Year 9*

On Tuesday 4 October the Year 9 girls hockey team had a home match against Bourne Academy. The girls had a rough start battling against Bourne Academy as the ball kept returning to their half. Soon, the girls managed to score three goals before half time.

However, many shots were saved by the Academy's brilliant goal keeper. During the second half, the girls let their guard down and the Academy were fighting with full force but were saved by the outstanding defence from Alice Barratt. Once again, the girls pulled themselves together and with some great passes from Annabel Parker, Melissa Peng and Faye Scott, they scored another goal.

By the end of the match the Bourne Grammar had a stunning win of 4-0. Player of the match was awarded to Hannah Burke.
